

Where do terrorists get the money to buy their weapons?

or

HINT: IT'S PROBABLY NOT BAKE SALES.

OIL MONEY **FUNDS TERRORISM.**

Every day, we send \$1 billion overseas for oil. A dangerous amount of that money is funneled to terrorists and unfriendly states who attack our troops.

The less gas we burn in our cars, the more money stays in our economy, and the less money goes to our enemies. That's one reason President Obama worked with auto companies this year to set a strong 2025 fuel economy target of 54.5 miles per gallon. Fuel-efficient cars make America stronger. It's that simple.

**THE 54.5 MPG STANDARD MEANS
GREATER AMERICAN SECURITY.**
